Who is Vizient?

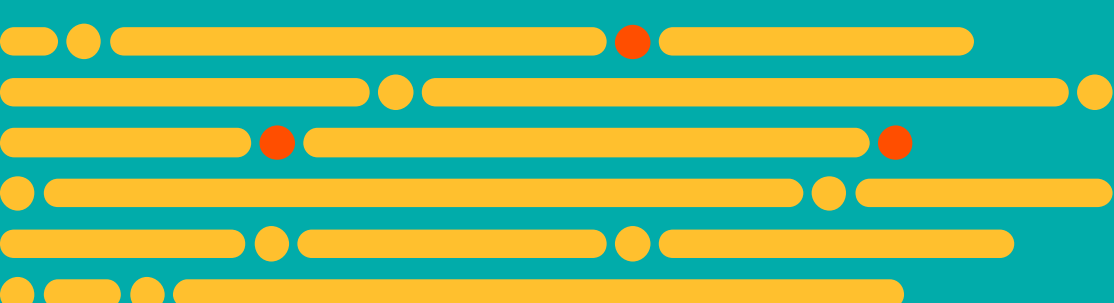

This is Vizient

Vizient is the largest member-driven, health care performance improvement company in the nation.

We are uniquely positioned to work with the country's leading institutions to drive better outcomes for health care providers, patients, families and communities.

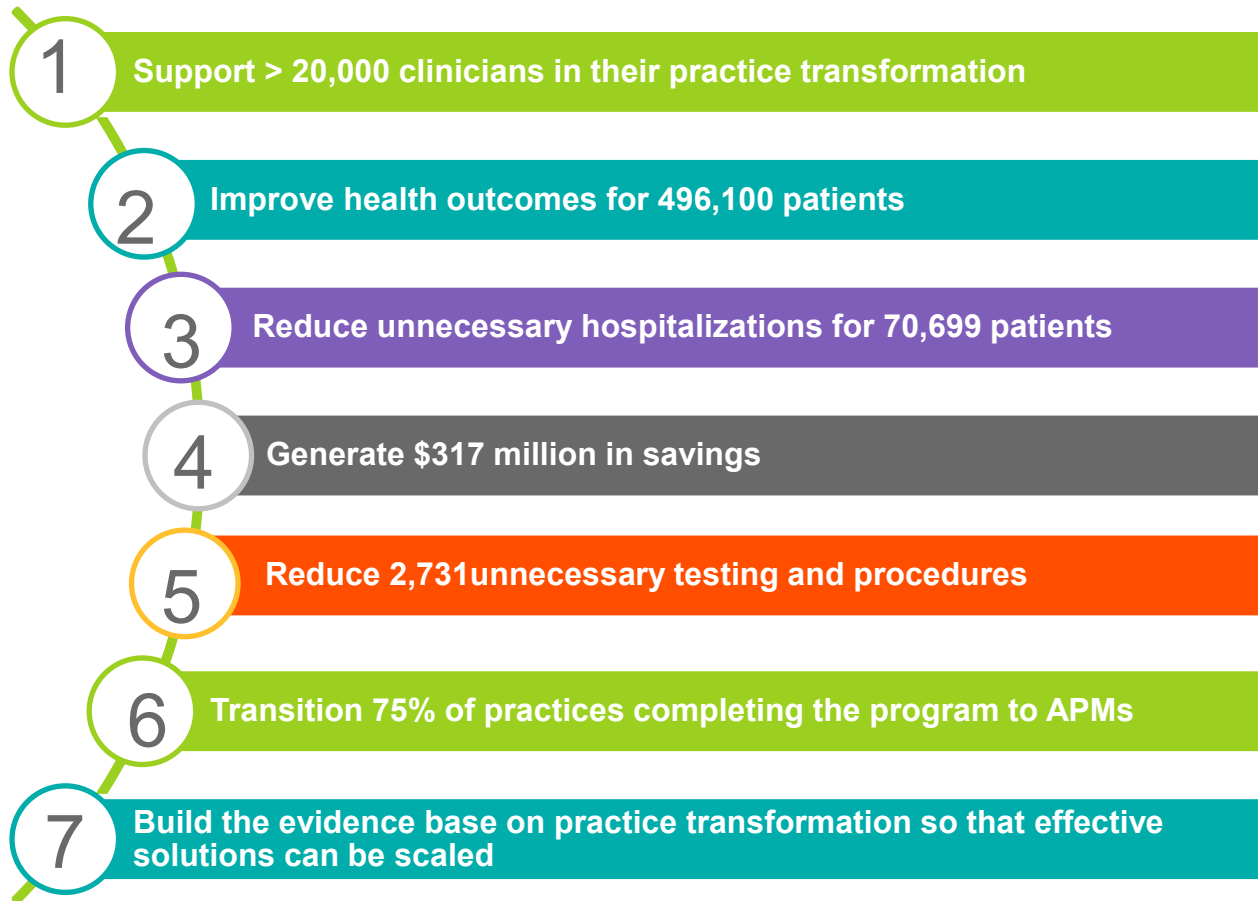

- Purpose — To ensure our members deliver exceptional, cost-effective care
- Mission — To connect members with the knowledge, solutions and expertise that accelerate performance

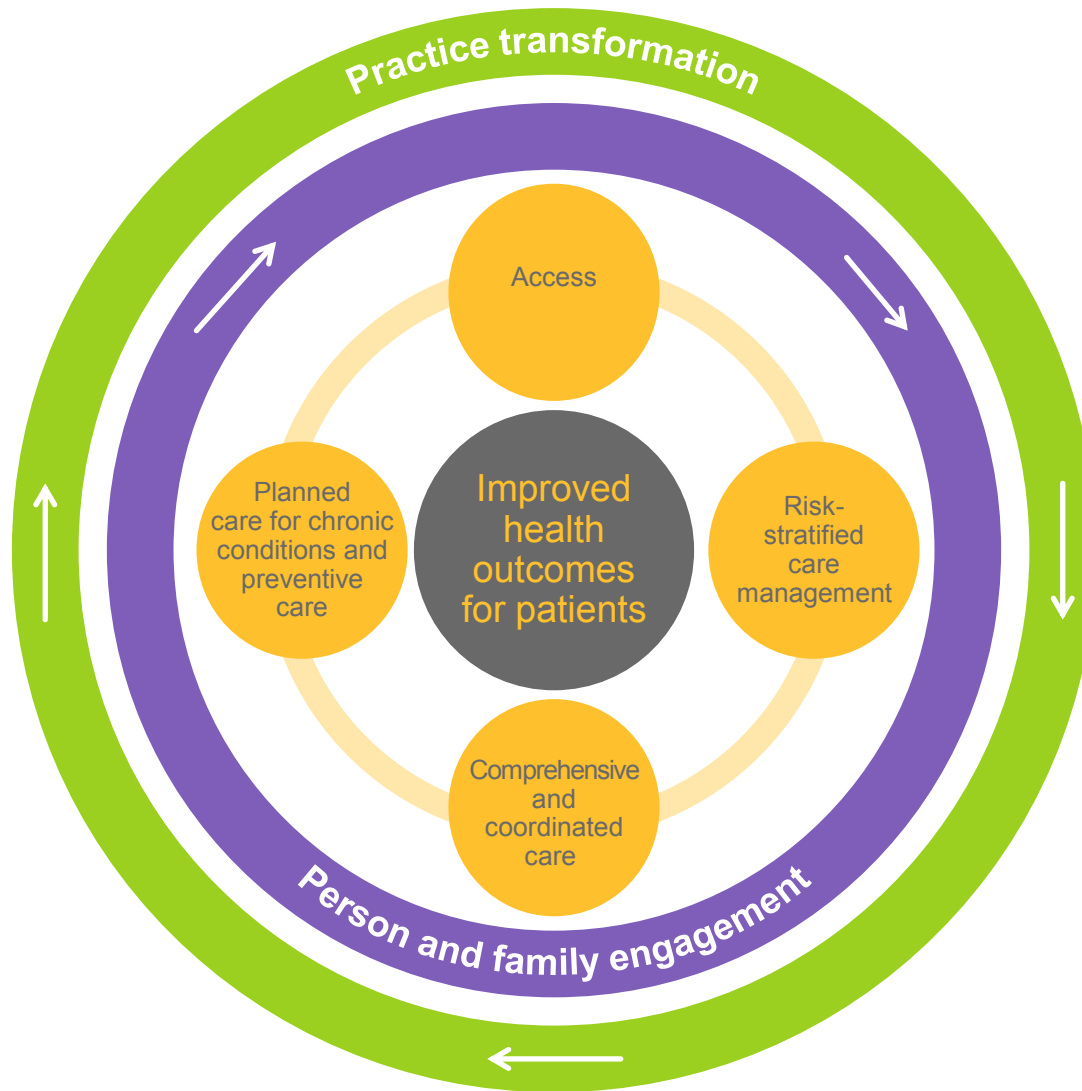

Vizient PTN overview

Operationalizing large-scale health transformation – the aims

Vizient PTN strategy

High-value, low-cost care

High-value, low-cost care

Aim 7 – Build the evidence and scale solutions

Aim 6 – Transition to alternative payment models

Aim 2

Improve health outcomes for 496,100 patients

PTN metrics

- Depression
- Diabetes
- Hypertension
- Access
- Tobacco
- Patient experience

Aim 3

Reduce unnecessary hospitalizations for 70,699 patients

PTN metrics

- Admissions and readmissions
- Emergency department (ED) visits

Aim 4

Generate \$317 million in savings

PTN metrics

- Admissions and readmissions
- ED utilization
- Unnecessary testing and procedures
- Clinical improvement
- Other

Aim 5

Reduce unnecessary testing and procedures

PTN metrics

- Imaging for
 - Headache
 - Low back pain

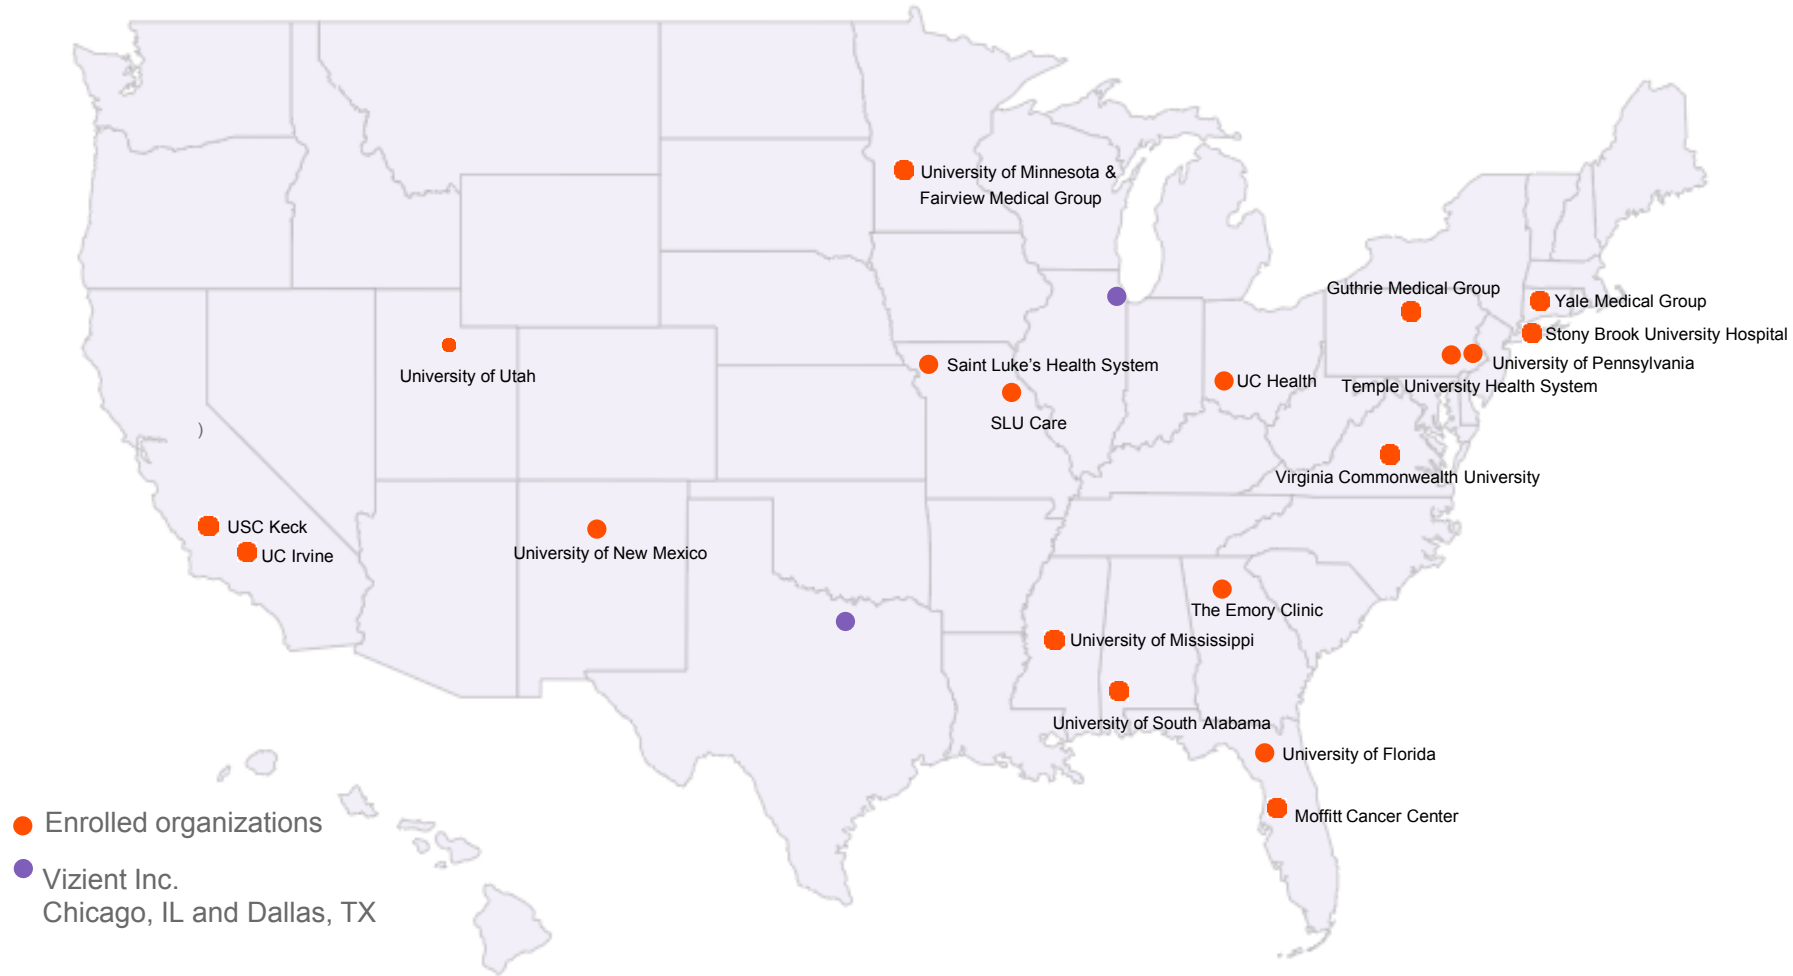

Aim 1 – Enroll and support > 20,000 clinicians in their practice transformation

TCPI Change Package – secondary drivers and technical assistance

PTN = Practice Transformation Network

Vizient PTN delivery model

Vizient PTN 2.0 delivery model

The delivery model is based on Vizient improvement communities, or VICs. VICs are facilitated by a QIA with cap of 25 practices per VIC.

Vizient PTN 2.0 TCPI program

Provides a structure and framework for transformation work

Furnishes technical assistance through clusters

Supports participants through peer-to-peer learning events

Aligns national and Vizient resources with project needs

Supplies data analytics using existing data sources

Vizient improvement community (VIC)

A QIA will facilitate the VIC using part of each session to:

- focus on best practices and accomplishment of practices
- highlight small increments that lead to transformation
- Practice patient(s) (or PFACS member) are encouraged to join the VIC when a best practice or accomplishment is shared with the group.

Structure of VIC calls:

- Each VIC will meet formally for 1 hour per month via webinar.
- Weekly office hours (virtual) to “drop in” and ask questions.
- Practices will be notified of and invited to join other technical assistance calls.

Ensuring strong finish

VIC call topics (not necessarily in order of discussion):

Team based care

Community partners

Joy in the workplace

Success stories

Using data submission to drive transformation

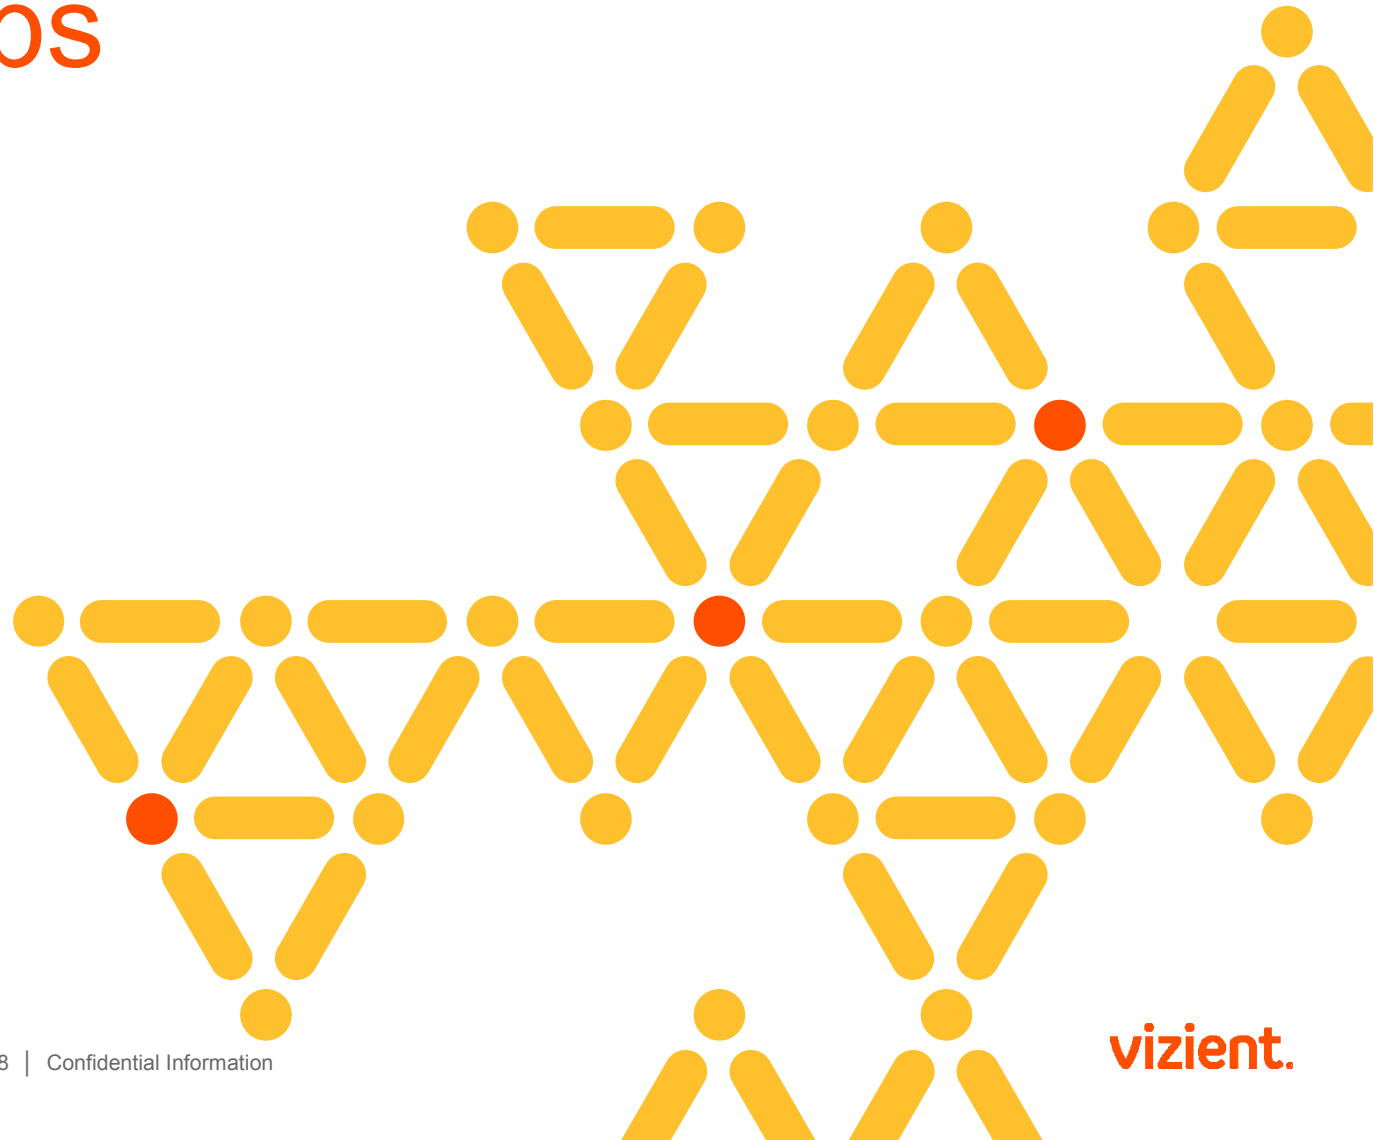

Patient family engagement

Population health

Care coordination

QI strategy

Next steps

Next steps

Immediately following webinar

- Receive an email with:
 - pdf of presentation
 - Link to recording
 - Survey link

Transition

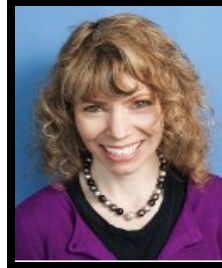

- Handoff with VCSQI team, Vizient team and your practice
- Sign participation agreement with Vizient
- Understand current data collection
- Participate in a VIC

Finish strong
